THAT BAD BACK

"Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Norway residents recommend Doan's Kidney Pills. Read this Norway man's statement.

George P. McAllister, ret. farmer, 1 Brown St., says: "I was in awful bad shape with my kidneys some years ago. I couldn't lay in bed with any comfort owing to the steady pain across my back. I was hating at the time and I can tell you I was handicapped not being able to get about to do my work. My kidneys did not act regularly and in other ways showed signs of disorder. I picked up a paper and the Doan's Kidney Pills testimony given led me to go to Noyes' Drug Store and get a box of Doan's Kidney Pills. After using them I was all right, and went back to work feeling as well as ever. I am only too pleased to tell of the merit of Doan's Kidney Pills and recommend them always."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAllister had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

In these days just before the New Year the people of the world are apt to take inventory—mentally, morally, physically, financially.

In this period of financial checking-up, the preferred stockholders of Central Maine Power Company find themselves in an extremely satisfactory position.

The price of the preferred stock has stood firm at \$107.50 a share—exactly what they paid for it.

The dividends have been paid unflinching. The 57th consecutive, uninterrupted dividend will be paid January 1st.

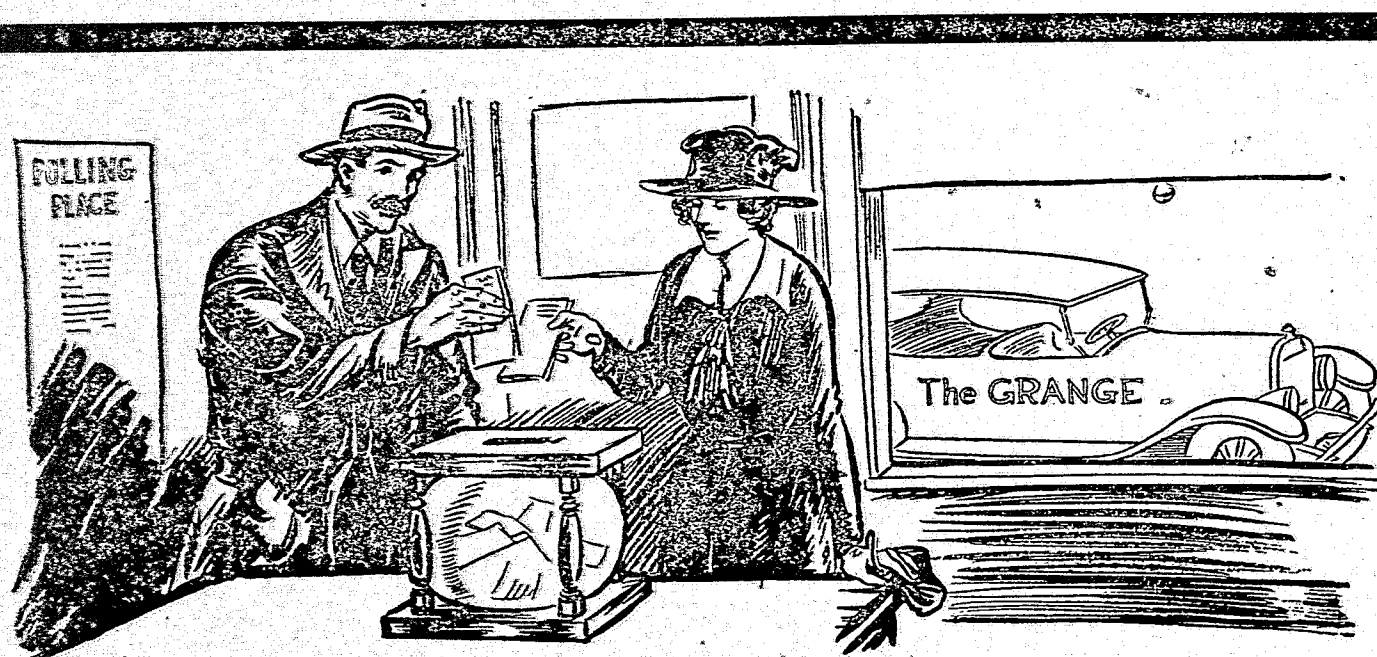

Their investment has proved safe as to principal and certain as to dividends, and more than that—their money has been put to work in their home state, to build up this state and to increase the prosperity of its people.

It is not surprising, therefore, that many of these stockholders will invest a fair proportion of their New Year funds in Central Maine Power Company 7 per cent. Preferred Stock.

EQUALITY

American women recently enjoyed, for the first time, the privilege of voting on a national scale. The dream that has inspired womanhood through the ages has been fulfilled.

The Grange conferred this equality upon woman half a century ago. It was the first great national body to grant women the same rights and responsibilities as men. Much of its success has been due to the heed it has given to the deep sympathies, the clear understanding and the instinctive justice of women.

In granting this equality the Grange holds to its purpose of fostering home life. It always has considered a satisfactory and wholesome home life the basis of all sound citizenship. It realizes the great part woman plays in the making of such home life, and gives her a wider opportunity to display her talents.

The faith and vision that have marked the Grange through the years are undimmed. It offers to farm men and women alike a splendid field for service and improvement.

Let us add, THE COUNTRY GENTLEMAN also stands for the fullest and finest development of farm life. It seeks to inspire and help by stories of success. It is not alone a magazine of the business of farming and home building, but one of entertainment also. The whole family will enjoy its clean fiction, its cheery "Brighten the Corner" page, its clever jokes and cartoons. A year's subscription—52 issues—is splendid value for \$1.00. ume, and when you think that the Ford Sedan, with all its com-
forts and conveniences—an enclosed car, handsome in appear-
ance, roomy for five passengers, nicely upholstered, sliding plate
glass windows which make it an open car in a minute or so or a
tightly closed car that is dust-proof and water-proof—ready for
service every day of the year, rain or shine, summer or winter, and
then think that this car is lower in price than any touring car (ex-
cept the Ford car) and you will not wonder that we ask you to
leave your order for a Sedan as soon as possible that we may be
able to give you reasonable delivery.

Of course, you cannot forget that matchless and reliable
"Ford After-Service" that follows every Ford car the world over
—always within arm's length a reliable Ford dealer or authorized
Ford garage that can tune up your car and keep it in running con-
dition every day in the year. We want your trade.

A marriage of interest is that of Ernest
Merrill of Massachusetts and Mildred
Wilcox of Hiram, formerly of Cornish
which occurred on Christmas eve. Miss
Wilcox is the daughter of Captain and
Mrs. Arthur Wilcox and is very popular
among her associates.

Mr. Merrill made a fine record for him-
self during the war. He made 12 trips
to France, two to Italy and one to Ire-
land, being on the President Lincoln when
she was torpedoed off the Azores in Sep-
tember, 1917, and lost the sight of one
eye at that time. He recently received a
Distinguished Service Cross from the U.
S. Navy Department in recognition of
his splendid service. He is a member of
Holton Lodge, I. O. O. F., of Peabody,
Mass., and a 32nd degree Mason. He is
employed as assessor and finisher for the
A. C. Lawrence Leather Company of
Massachusetts.

The cry of hard times did not daunt
Old Santa Claus, it would seem, as the
officials at the East Summer post office
handled over 200 well filled mail sacks on
Christmas week.

Arthur Palmer of Mountain View,
Cal., remembered some of his old friends
by sending them packages of California
grown fruits and walnuts. The nuts were
of his own growing and were already
shelled. The boxes were sent in one
package and the postmaster and her as-
sistant were glad to act the part of San-
ta Claus and distribute them to their
rightful owners. Mr. Palmer was former-
ly post-master here, but two years ago
went to California for his health. He
reports that he has not had an ill day
since he went there, but thinks often

Maine.

Cataract Deafness Cannot Be Cured
In local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrh of the ear, and that is by a constitutional remedy. Catarrh of the ear is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or impaired hearing and it is entirely closed. Deafness is the result. Use the inflammation can be reduced and the tube restored to its normal condition. Hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine cures the blood on the mucous surfaces.

It only takes a few willing workers to accomplish a large amount of work. One of the unusual sights to a wanderer over the village is the large amount of cord wood piled in doorways. WHY HAVE CATARRH?

So Disagreeable to Yourself and All About You.

Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle today and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

AN AUTOMOBILE CROSSES THE FAMOUS GOBI DESERT

The word desert sounds forbidding enough right here at home where we know there are such places, but few so far from cities that man no longer hesitates to cross them. Over in China there is one, the Gobi, long famous for its size and desolation. It was this desert that A. Nalozemoff, manager of a gold mining company recently crossed with his Super-six.

The road, an old caravan route north from Pekin over the mountains is the only free way into Siberia and Russia and the far east. It is impossible to find a more difficult test for a motor car in China than over this route. The Hudson driven by Mr. Nalozemoff made the trip over and back, nearly 2000 miles, and carried a load of five persons, with large quantities of baggage and spare parts.

The road is very diverse in character, at times following an old river bed, shingly and boulder strewn, rocky, hilly, and even mountainous, the long flat stretches of the desert, long patches of loose sand, stretches of swamp, whilst between these there are places where the surface is almost perfect and extending for long distances in undulating slopes. Over these latter the Hudson at times attained a speed of sixty miles an hour. 53-1

NORWAY AND VICINITY

The first real break-down to the transfer bus occurred several days ago when the engine refused to budge forward another inch. The outfit was caught in Market Square about 5 p. m. Nothing was left for Ted Young to do except back it to Norway. This stunt he performed without mishap. Duplicate parts were ordered by wire, but not coming the following morning, Ted drove to Lewiston after dinner and returned in record time. The bus was back on the road the next day better than ever. In the past fifteen months the chassis has made 21,000 miles between Norway and South Paris, with no serious hold-up until this unavoidable inconvenience. Harold Bailey made occasional trips with a four-seated sleigh during the hold-up. Henry Shogren, who recently started westward, has anchored at Lancaster, Penn., for an indefinite stay. Weather has been ideal but a change then grazing in the green pastures. Lancaster is generally a busy city but at present a slump in progress with many idle working men about the streets.
Dorothy Truman spent the week end with friends in Haverhill and Lawrence, Mass.
Mafor Mann, president of the Norway Clerks' Association has called the annual meeting for Thursday evening, Dec. 30, at 7:30 o'clock in the Municipal Court room. Election of officers will take place and plans made for the Clerks' Ball. Every clerk should be interested in this and attend.

WEARY WILLIE WISDOM

PHILOSOPHY AND SAYINGS
J. C. True: "Every flower and every pretty girl eventually fades away like the ash on this cigar."
M. W. Sampson: "Swapping of presents is about over with up to my house. Liz and I have been overworked for some time and the affair at the church tonight will close it and I'm glad."
Elgin Greenleaf: "I've had two Christmas dinners this year, one at Hugh Pendexter's and the other at my house. Both didn't come on the same day, however."
F. W. Sanborn: "Mother swapped sixty cents' worth of candy for a dozen fresh eggs the past week. The transfer was made on Orchard street and was done under the name of Christmas giving or something of that sort."
Charles H. Sargent: "The barbers in New Haven have dropped the price of hair cutting from 50 cents to a quarter but it will hardly pay us fellows to go there to get our hair trimmed."
Chas. P. Kimball: "Yes, they are pretty near all gone! The men who were proud of their horse. I feel lonesome driving a good stepper these days. No one takes any notice excepting possibly Herman Horne."
Nate Merrill: "After a man lies for a certain length of time, I have to do, doesn't do much good to tell the truth. I do, however, do it sometimes when I talk in my sleep."
Bob Seavey at St. Petersburg, Florida: "One has to have a prescription to buy a yeast cake here."
John Woodman: "Yes, yes, a man works hard for years and years and saves, scripps, and saves and then you loafers say, 'Making money comes natural to him.' I don't believe it. You've got to have five per cent. on the purchase price of a building to keep it in repair and pay about a six per cent. tax on top of that and 5 are eleven and add that interest on the investment and it comes to 17 per cent. and not a penny less."

Souvenir Sign Sent West

The Weary Club have made a Christmas present. It was sent by express to its owner at Redlands, California. It was a 12x45 inch board sign bearing this inscription: "M. M. Phinney will open a large stock of dry and fancy goods in this store about Sept. 1st."

What year it was we can't say, but probably about 40 years ago.
The sign was found in the barn in the rear of the Weary Workers Retreat and it was suggested that it be forwarded to its owner that it might decorate the entrance to his bank.

It is from the brush of the late George Small, who won local fame as an artist by painting staves of wheat and sunshine in the gable of the Grange building of this town.

Mr. Phinney was in business here some four to six years and made a good bunch of money and went to California thirty odd years ago where he has eclipsed his early business success here many times over. The old sign will be a forcible reminder of his early struggles in this town when his days were young.

Reconstruction

That is what is facing the country at this time. Many of the manufacturing concerns throughout the country have already made a reduction in the wages of their employees, some of them as high as 22 1/2% while the high cost of living has already begun to take the downward trend.

Our Advice

Buy carefully, we will endeavor to have in stock what our customers want at current prices, but we don't believe in buying large quantities and then be compelled to charge heavy prices long after the wholesaler has reduced prices. At the present time you will find our prices far lower than the city store even if they do advertise a 30 per cent. reduction. Drop in and get our prices and by all means patronize your home stores and help your home town through the reconstruction period.
